

Light up your world

Transform your Permobil power wheelchair with fully customizable LED lighting. Choose any color on the RGB spectrum and fine-tune brightness or color intensity all from the MyPermobil app.

Available for wheelchairs equipped with Power Platform electronics.

Taking connectivity to a new level

Connecting users and service technicians through a single intuitive platform improves communication and helps you be better prepared for the unexpected. Power Platform and +Connect form the core digital infrastructure of this power wheelchair, combining advanced assistive technology with smart connectivity. Connected from the factory*, this chair is online and ready for proactive service, remote insights, and efficient support from day one. The connected chair reflects Permobil's commitment to reliability, transparency, and confidence over the life of the chair.

*From April 28, 2026 for chairs delivered in the US

MyPermobil connectivity comes standard on all new M & F-Series Corpus & Corpus VS models. Download the app to get started today.

Power wheelchairs

MyPermobil App

permobil

Knowledge is power

The MyPermobil app empowers you to do more and go further by sending real-time power wheelchair insights directly to your smartphone. Stay informed and feel confident as you get the most out of your Permobil power wheelchair.

Battery status and travel range estimates show how far you can go

Take the pressure off with meaningful insights into your power seat function usage

See how far you've gone by reviewing your travel history

App dashboard makes key information available at a glance

Easy to enable or disable location settings

Integrated map illustrates daily and historic travel behavior

Travel with confidence

From where you've been to where you want to go, the MyPermobil app helps guide your power wheelchair journey. Combining in-app estimated battery range travel distances with the integrated map empowers you to go further with confidence.
