# Factory Reset Instructions for PushTracker E2/E3

permobil

NOTE: Wi-Fi is required for Wear OS by Google set-up. If doing a Wear OS by Google set-up on a PushTracker E2/E3 that was preconfigured by Permobil, you must do a factory reset first.
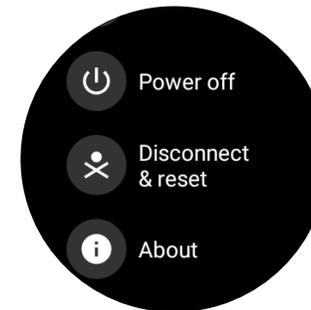

① Factory Reset PushTracker E2/E3

1. Wake up the screen.
2. Tap side button (top one for E3) to go into the App Menu.
3. Tap the **Settings** icon.

4. Select **System**

5. Tap **Disconnect & Reset**.
6. Scroll down and tap the blue check mark to start the process.
7. Wait until the process is complete.

NOTE: Note: Factory resetting your PushTracker E2 or E3 will delete all data, including the SmartDrive MX2+ app, and you will not be able to use your PushTracker with a SmartDrive until all of the additional steps in this document are completed.

For more instructions check out the PushTracker E2 how-to videos at **permobilus.com/howtosmartdrive**.

③ Download SmartDrive MX2+ app

1. Go to Google Play Store on PushTracker E2/E3

2. Search for "SmartDrive MX2+"

3. Install & launch SmartDrive MX2+ app

④ Pair & go

1. With your SmartDrive MX2+ unit turned on, launch the SmartDrive MX2+ app and touch "TURN POWER ASSIST ON"

2. Pair with SmartDrive MX2+ by selecting the number listed on the screen. You can only pair when one SmartDrive MX2+ is present

3. You are now paired & connected!

NOTE: You can also pair to your SmartDrive MX2+ through the settings menu within the app.
