Permobil Store
# Jump tabs

Purpose and key selling point for customers:

- Jump tabs let you quickly move between sections for the TiLite X and TiLite Z products to simplify selection process.
- Streamline your ordering workflow and keep track of mandatory selections within each section.

1. Locating jump tabs

You'll find the jump tabs on the right. To help you quickly navigate through sections.

2. Using jump tabs

Click on any tab to "jump" directly to that section. No extra scrolling – just faster, cleaner navigation.

3. Mandatory Selections indicator

- Make your selections and check for required fields A "red icon *" means a mandatory selection is missing.
- Once all required options are chosen – either by selecting them or accepting defaults – a "green check "mark will confirm the section is complete.
