

Permobil Store

Quick links

Purpose and key selling point for customers:

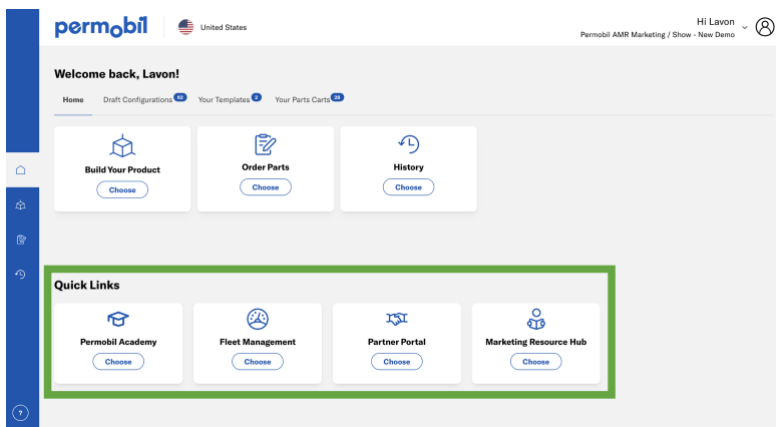

1. Streamline Access to Key Tools

- Allows users to quickly navigate to critical resources like Permobil Academy, Fleet Management, Partner Portal, and the Marketing Resource Hub without leaving the store interface.

2. Enhance Productivity

- Saves time by reducing the number of clicks and eliminating the need to search for commonly used systems or support pages.

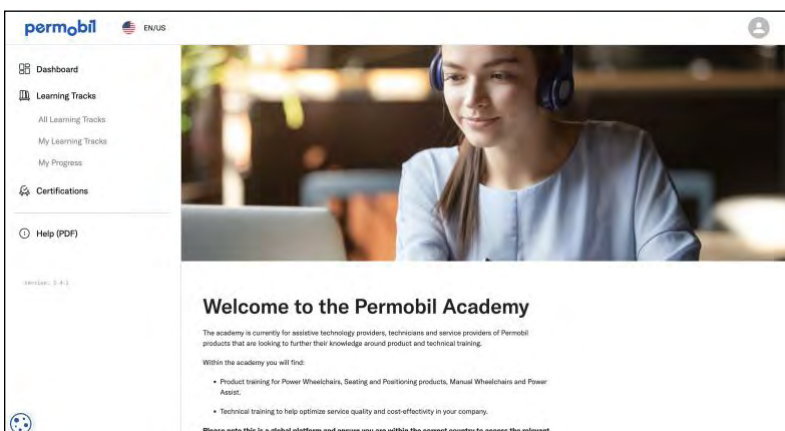

1. Locating Quick Links

2. Selecting “Permobil Academy”

Support Training and Education

Direct link to Permobil Academy supports onboarding, training, and ongoing education for clinicians, providers, and sales teams.

3. Selecting “Fleet Management”

Support Operational Efficiency

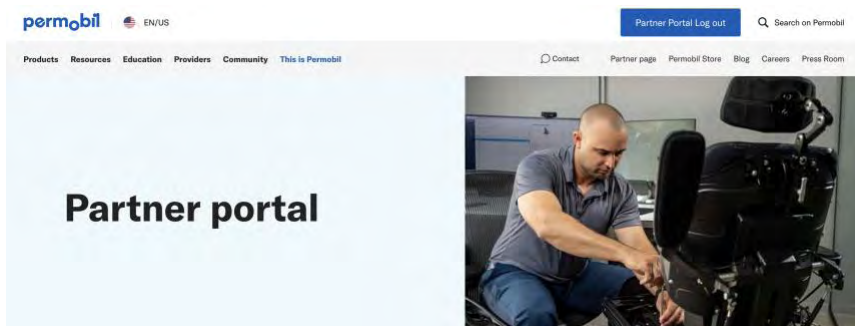

Fleet Management tools help track, maintain, and service product fleets—essential for providers or technicians managing large inventories.

4. Selecting “Partner Portal”

Empower Partner Collaboration

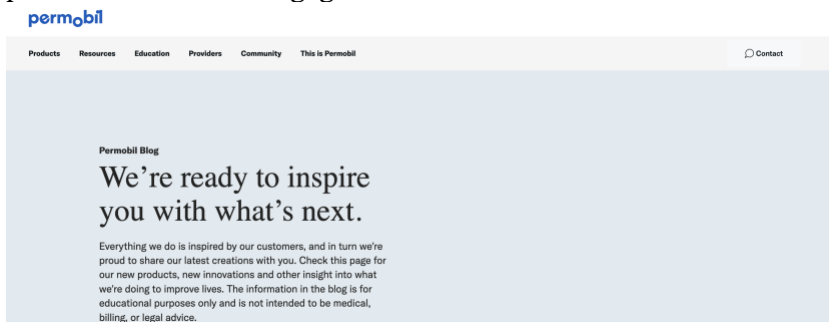

The Partner Portal facilitates external partner access to essential sales, pricing, service, and support documents or updates.

5. Selecting “Marketing Resource Hub”

Enable Marketing Alignment

The Marketing Resource Hub provides access to brochures, images, videos, and messaging to support product promotion and user engagement.

Strategic Benefit: By embedding these links within the store, Permobil ensures users have an integrated experience—centralizing access to everything they need for successful product configuration, ordering, training, and customer engagement.
